

Responsive Caregiving

An early bond makes parenting easier. Hold, cuddle and talk to your baby every day. Being a father is the best job in the world.

Safety and Security

Protect the child from harm.
Reject all forms of abuse.
Report child abuse.
Children's rights are not a choice!

Programme

Good Health

Stay healthy from the start of pregnancy. Keep your child healthy by following the immunization schedule and getting all the vaccines on time.

Adequate Nutrition

Each mouthful is building a brain and body. Ensure that young children eat healthy, nutrient-dense food. Breast is best for the first six months at least.

Opportunities for Early Learning

Learning really is lifelong. It starts at the start of life. Young brains are built through play, which teaches problem-solving, communication and social skills, confidence, caring and much more!

EACH CHILD'S FUTURE IS A SHARED RESPONSIBILITY!
A CHILD THRIVES IN A SAFE, NURTURING ENVIRONMENT!
